SciLifeLab

Just a simple beamer compiler with Nextflow

Usage

```
nextflow run main.nf --tex <file.tex> --theme <BTB || KI || SLL> \
[--pictures] [pictures directory]
```

This file was made using

```
nextflow run main.nf --tex sample.tex --theme SLL
```

How to insert picture

Code

```
\begin{center}  
\includegraphics[width=.8\linewidth]{pictures/Snowpocalypse-SciLifeLab.jpg}  
\end{center}
```

How to insert picture
